Security and Safety at the Wynn Hospital Campus

If you haven't been to Downtown Utica lately, you might be surprised at all the activity and positive energy in the area around the hospital.

Safety has been MVHS's number one priority when moving to the Wynn. That's why we have:

- More than 400 security cameras inside and out, with cameras and call boxes in the parking lots. These cameras are monitored 24/7 by a security officer in the central Security Operations Center.
- Security systems at the main hospital entrance and the ED entrance – the only two entrances to the facility.
- Members of the Security team in the parking garage 24/7.
- Security in the parking lots and roving around the campus throughout each day and night. **Members of the Security team regularly escort patients, visitors and employees to the parking lots and parking garage.** In fact, in just a six-week period, more than 550 patients, visitors and employees were escorted to and from the Wynn Hospital!
- **The number to call for a security escort to or from your car is 315-917-9193.**
